

Saturday 22nd December 2018

Dear Member,

On the 25th of May, the UK's data protection legislation will be changing and a new law called the General Data Protection Regulation (GDPR) will be introduced. The aim of the new GDPR policy is to give individuals more control over who has access to their personal information and what can and cannot be done with it.

As a result of the new Regulation, we need your clear consent to keep your details on our system in relation to membership services and the next of kin details for you, even if you have given us your consent before, we still have to ask you again.

If you wish to remain on our records for Centre news and events information, it is vital that you let us know by either returning the slip below to give us permission to hold your details or post it to Gary Evans at the above address. Equally, if you decide you no longer wish to receive any correspondence from the Centre, please let us know.

So, please complete and tear-off the slip below and hand it back to your session Coach, or post it to Gary Evans at the above address.

Thank you for your cooperation and continued support!
